## About us

Operating seven days a week all year round, our ethos is to meet our customers demands whenever they arise, no matter how large or small. This reliability has enabled us to build strong client relationships and a reputation for dependability and consistency. We never take our customers for granted or become complacent, treating each order as if it's the first, maintaining high levels of service and quality throughout.

## Food Preparation

We hold a 5\* Food Hygiene rating.

All of our meals are prepared and packaged in a highly sanitised environment by our team of professional Chefs and delivered straight to your door in a safe and manageable way. We operate a 'no customer contact' delivery policy in order to adhere to social distancing advice.

In order for us to ensure that your food is delivered as fresh as possible please allow 2 working days; this gives us the chance to take your order, freshly prepare and chill then deliver to you within your designated 2 hour time slot, which will be given to you on the morning of your delivery. This allows us to make sure we are being as efficient as possible.

## Quality of food

We always ensure that we have the highest quality ingredients in every dish.

Your meals are freshly prepared in a clean and safe environment and always handled with care.
